Present Occupation Retired
(Give Title)

Name and Address of Present Employer (If employed)

Education: High School Greenville High School, Greenville, TX

College University of Texas at Austin & Harvard University

Degree(s) Obtained B.S. Chemistry & Ph.D. Chemistry

What is your specific interest in this appointment?

I have used bicycles for transportation, exercise, and recreation since my college days, and I commuted by bike to work locally two to three days per week for about 35 years. I am an active member of a local cycling club. I would like to bring this long-term, experience to helping Campbell expand and improve transportation alternatives for future generations, by advising the City on the needs of people walking, rolling, and biking.

As the parent of a son with cerebral palsy, I am acutely aware of the mobility obstacles that disabled people face every day and how much the built environment can either enable or limit independence. This perspective motivates me to help improve mobility options for everyone, particularly vulnerable road users. I want to support planning and implementation of Complete Streets and Vision Zero policies wherever possible, to reduce severe traffic injuries and deaths.

Degree(s) Obtained B.S.; M.B.A., respectively

What is your specific interest in this appointment?

I am interested in continuing my work as a Civic Improvement Commissioner for the betterment of the Campbell Community. I have enjoyed working these last 5 years on various projects and wish to continue. As one of the more senior commissioners, I would also like to help maintain the institutional knowledge of the Commission. I am also thankful for experiences of working on the Neighborhood Association as well as the Social Services grant programs along with the various community beautification programs that have created murals on building and utility boxes citywide. Lastly as a third generation resident of Campbell, I feel that I bring unique and historic perspective to the Commission's efforts.

Degree(s) Obtained Bachelors of Science, Juris Doctor

What is your specific interest in this appointment?
My experience volunteering with the Friends of the Campbell Library for the last three years has taught me the importance of finding ways to physically invest in and beautify our city. The opening of the new library has been such an exciting event that has rallied community involvement and inspired pride in our city. I've seen how public spaces and events can cultivate engagement within many different groups, and as a result I feel myself and my children grow more connected to their community. I feel personally motivated to continue to encourage that sense of pride and community involvement. I believe being a part of the Civic Improvement Commission would allow me the opportunity to do so.
