

IMPORTANT 72-HOUR NOTICE FOR RUBBER CHIP SEALING WORK

PLEASE READ CAREFULLY

Annual Street Maintenance Project 21-BB: Collector & Residential Street Resurfacing Program

WHO: American Pavement Systems (a subcontractor hired by O'Grady Paving, Inc.)

WHAT: Your street is scheduled to receive a rubber chip seal treatment. This is the first-step in a two-step process to resurface the street with a rubber cape seal treatment.

For more information about the rubber cape sealing process and impacts, please visit the City's website at: <https://www.ci.campbell.ca.us/DocumentCenter/View/5154/Cape-Seal?bidId=>

WHERE:

SEE REVERSE SIDE FOR LOCATION & DATES →

WHEN: Work will start on August 2, 2021. Working hours will be 8:30 AM to 4:30 PM Monday through Friday. It is estimated that this portion of the project will be completed by August 5, 2021.

WHAT TO EXPECT:

- Typical construction noise.
- Restricted access to the street and traffic delays. You will not be able to drive in the lane that is closed during the rubber chip sealing application process. You will have access to drive on the street both before and after the process is complete. Allot additional time and plan accordingly.
- Posted traffic control signs. For your safety and for the safety of the workers in the field, please obey all posted traffic control signs and construction workers.
- On-street parking restrictions. Parking restrictions are necessary during construction operation and for subsequent days to allow for street sweeping. Posted restrictions will be enforced. Any vehicles parked within the construction zone will be towed away by the Campbell Police Department at the owner's expense.
- A follow-up 72-HR Notice. In approximately one week, you will receive a 72-Hr Notice for Slurry Sealing Work - the second-step (in this two-step rubber cape seal process) to resurface the street.

ADVISORIES:

- Do put your garbage out on garbage day. O'Grady Paving has made arrangements with West Valley Collection and Recycling to do early morning pick-ups.
- Do not wash your cars or water your lawns the day before, the day work is scheduled, and the day after.
- Do not drive, walk, bike, play, skate, or allow pets on the newly sealed street until it has had time to cure.
- Do not perform any $\frac{3}{4}$ - turns or make any sudden/hard stops with your vehicle for several days after the application of the material.
- Do drive slowly on the newly rubber chip sealed street for several days.

CONTACT INFORMATION:

For additional information, please visit the City's website at: <https://www.ci.campbell.ca.us/1136/Annual-Street-Maintenance-Project-2021>. For all other questions, please contact O'Grady Paving at (650) 966-1926 or the City of Campbell Public Works Department at (408) 866-2150.
