City of Campbell Neighborhood Request for Traffic Calming Study

We, the residents of _____, would like the City of Campbell's Public Works (PW) Traffic Engineering division to initiate a Traffic Calming Study in our neighborhood to address the following concern(s):

- Speeding
- Pedestrian Safety
- Bicycle Safety
- Cut-Through Traffic (Local Streets Only)
- Other (Please Specify)

◆ The specific location (s) encompasses _____, between _____ and _____.

➤ Description of the reasons for the need for traffic calming

➤ Please provide the name and contact information of the resident representing the consensus of your neighborhood on this matter:

Name: _____

Address: _____

Telephone No.: _____ e-mail: _____

*Petitions must be signed by 50% of residences that are directly affected and are located on the segment of the street in question, or on cul-de-sacs or courts directly connected to the street. Please note that the traffic calming process, from receipt of this petition, may take between 6-12 months.

Please submit the completed form to:

Traffic Engineering – Neighborhood Traffic Calming Study Request
