WHEREAS, the 2020 California Statewide Local Streets and Roads Needs Assessment found that the City of Campbell streets and roads are in "At Lower Risk" condition, and this revenue will help Campbell increase the overall quality of its road system and over the next decade will keep our streets and roads in "good" condition; and

WHEREAS, the RMRA funding and overall investment in our local streets and roads infrastructure with a focus on basic preventive maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive impacts to the community; and
